Primary Examiner, Art Unit 2625

1. **An examiner's amendment** to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Steven Ormiston (Registration No. 35,974) on July 2, 2009. Mr. Ormiston agreed to amend the claims as follows to place the application in condition for allowance, in response to the examiner's indication that the allowability of claims 7 and 13 and their dependent claims would be withdrawn due to a possible art rejection.

2. **Please amend claims 1, 7-13 and 16, and add new claim 17 as follows:**

In claim 1, line 6, after "dispositions", delete ";" and insert -- , --.

In claim 7, line 1, after "A", delete "system for managing disposition of a plurality of pictures" and insert -- digital capture device --; and

line 6, after "disposition", delete ";" and insert -- , --.

In claim 8, line 1, delete "system" and insert -- digital capture device --.

In claim 9, line 1, delete "system" and insert -- digital capture device --.

In claim 10, line 1, after "The", delete "system" and insert -- digital capture device --; and

after "wherein", delete ": the system is" and insert -- the digital capture device comprises --.

Art Unit: 2625

In claim 11, line 1, after "The", delete "system" and insert – digital capture device --; and

after "wherein", delete ": the system is" and insert – the digital capture device comprises --.

In claim 12, line 1, delete "system" and insert – digital capture device --; and

line 2, delete "system" and insert – device --.

In claim 13, line 2, after "picture", insert – on a digital capture device --, and after "comprising", insert – the digital capture device --.

In claim 16, line 1, after "13", delete further comprising:" and insert -- wherein the digital capture device receiving a plurality of pictures comprises the digital capture device scanning the plurality of pictures --; and

lines 2-5, delete "connecting the system to a computer; receiving, by the computer, the one picture; processing, by the computer, the one picture according to the at least one disposition associated with the one picture"

Add new claim 17 as follows:

-- 17. (new) The method of claim 13, wherein the digital capture device receiving a plurality of pictures comprises the digital capture device imaging the plurality of pictures. --

3. Claims 1-17 are allowed. Claim 17 is newly added. Claims 1, 7 and 13 are independent.

4. The following is an examiner's statement of reasons for allowance:

Claim 1 and its dependent claims 2-6 were allowed in the previous Office action. Claim 1 is allowable over the prior art of record. Claim 1 requires, in a portable picture storage device, a plurality of user interface indicators, each indicator being associated with a respective meta data of a plurality of meta data, and each meta data indicating at least one disposition of a plurality of dispositions, the at least one picture of the plurality of pictures, via activation of an indicator, being associated with a meta data and thereby at least one disposition. These limitations in combination with other limitations of claim 1 are not taught by the prior art of record.

Claim 7 claims a digital capture device comprising features similar to those of claim 1 in the claim body. Thus, claim 7 is allowable for the reason given for claim 1.

Claims 8-12 depend on claim 7.

Claim 13 claims a method for managing disposition of a plurality of pictures on a digital capture device, corresponding to the apparatus claim 7. Claim 13 is allowable for the reason given for claim 7.

Claims 14-17 depend on claim 13.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

Art Unit: 2625

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Cheukfan Lee whose telephone number is (571) 272-7407. The examiner can normally be reached on 9:30 a.m. to 6:00 p.m., Mon-Fri.
